RE: Complaint Investigation #C2017-5648

Dear Mrs. Desautelle:

Attached please find documentation needed to demonstrating the District's compliance by July 15, 2017 as stated in the Corrective Action Plan Directive Activities 1, 2, and 3.

As outlined in **CAP Directive Activity 1**, the district in collaboration with PCG, the company that developed EasyIEP, has determined the number of OT, PT, and Speech missed for the 2016-2017 school year. As required the District is submitting a spreadsheet, Exhibit 1, listing each student, the number of OT, PT, and speech services that they should have received pursuant to their IEP and the number they actually received.

Furthermore, the District has developed a system of accountability for documentation submission that has been presented to the Superintendent and Deputy Superintendent for implementation beginning in September 2017.

Lastly, the District has met with and been ongoing discussion with PCG regarding the correct way related services must be listed in an IEP so that reporting is accurate and can be spot checked. The district has a scheduled conference call on June 19, 2017 with PCG to identify any adjustments/developments needed within EasyIEP reporting. On August 1, 2017 an on-site meeting with PCG is scheduled to develop the detailed plan for these needs in addition to securing a date for PCG to train someone in the Special Education Department to run Advanced Reports within EasyIEP.

As outlined in **CAP Directive Activity 2**, for the 2017-2018 school year students will receive compensatory OT and compensatory PT services provided by Rutgers during the school day. Students will receive compensatory Speech through either an after-school program, in home, or during the school day. The District is currently planning to use select locations and classes from the ESY program to pilot a telepractice service as a possible option.

As outlined in **CAP Directive Activity 3**, the District has determined to differentiate compensatory services versus regular services in Easy IEP by listing compensatory as Compensatory in the IEP. This will begin in September 2017 via an IEP Amendment or during an IEP Annual Review; a sample can be seen in Exhibit 2. Once the services are listed as "Compensatory" in the IEP, related service providers can log as such. We are currently working with PCG to determine the best report to run monthly to monitor compliance with compensatory sessions in the meantime Exhibit 3 is a sample of the current EasyIEP generated spreadsheet identifying student with compensatory services. Exhibit 4 shows the related services page for a student who current has compensatory listed in their IEP and the compensatory logs for said student. Lastly, Exhibit 5 is a sample template for related service providers to document compensatory services in addition to entering the logs in EasyIEP.

Should additional information be required please do not hesitate to contact me.

Thank you for your courtesies.

Sincerely,

Ms. Cheryl D. Coy
